

# ANNOUNCEMENT

## 2019 DSATools™ User Group Meeting- Minneapolis, MN

Powertech is pleased to announce the 2019 DSATools™ user group meeting. This annual event provides a forum for Powertech and the DSATools™ users to discuss and exchange ideas for the development and applications of DSATools™ software. We will give an overview for Powertech's latest software products, demonstrate their applications, and report on new and up-coming developments. There will be presentations made by our users on their applications and experiences in using DSATools™.

After the user group meeting, there will be a **half-day tour to visit to Midcontinent ISO (MISO) control center** in Eagan, Minnesota, USA. During the visit, MISO will describe the reliability requirements for operation of the MISO power system and the application of an On-Line Dynamic Security Assessment system using DSATools™. This visit is open to all participants of the user group meeting, subject to security clearance by MISO.

If you wish to share your experience in applying DSATools™ by making a presentation at the user group meeting, please contact us ([dsainfo@powertechlabs.com](mailto:dsainfo@powertechlabs.com)).

**When:**

- Thursday September 26 and Friday September 27 (morning), 2019 for the user group meeting
- Friday September 27, 2019 (afternoon) for the tour. Transportation will be will be provided for the Midcontinent ISO control center tour.

**Where:** Millennium Hotel Minneapolis at 1313 Nicollet Ave, Minneapolis, MN, USA

**Who:** Open to everyone including existing DSATools™ users as well as those interested in advanced software for system planning and operation studies

**Cost:** Free! You will be responsible for your transportation and hotel expenses

Please RSVP to [dsainfo@powertechlabs.com](mailto:dsainfo@powertechlabs.com) by September 6, 2019.
