

ANNOUNCEMENT

2022 DSATools™ User Group Meeting

Powertech is pleased to announce the 2022 DSATools™ user group meeting. This annual event provides a forum for Powertech and the DSATools™ users to discuss and exchange ideas for the development and applications of DSATools™ software. We will give an overview for Powertech's latest software products, demonstrate their applications, and report on new and up-coming developments. There will be presentations made by our users on their applications and experiences in using DSATools™.

If you wish to share your experience in applying DSATools™ by making a presentation at the user group meeting, please contact us (dsainfo@powertechlabs.com).

When: Wednesday November 9 and Thursday November 10, 2022

Where: The Westin Las Vegas Hotel & Spa at 160 E. Flamingo Road, Las Vegas, NV, USA

Who: Open to everyone including existing DSATools™ users as well as those interested in advanced software for system planning and operation studies

Cost: Free! You will be responsible for your transportation and hotel expenses

Please Register here <https://www.dsatools.com/2022-dsatools-user-group-meeting/> by October 21, 2022.

For more information – Please check our website at <https://www.dsatools.com/> (under News | Events) for details of this event, registration, and hotel accommodation information. You can register online at <https://www.dsatools.com/events/> If you have any questions, please email dsainfo@powertechlabs.com.

We look forward to seeing you in Las Vegas, USA!
