

ANNOUNCEMENT

2023 DSATools™ User Group Meeting

Powertech is pleased to announce the 2023 DSATools™ user group meeting. This annual event provides a forum for Powertech and the DSATools™ users to discuss and exchange ideas for the development and applications of DSATools™ software. We will give an overview of Powertech's latest software products, demonstrate their applications, and report on new and up-coming developments. There will be presentations made by our users on their applications and experiences in using DSATools™.

After the user group meeting, there will be a **half-day tour to visit the Florida Power & Light control center** in Coral Gables, Florida, USA. During the visit, FPL will describe the reliability requirements for operation of the FPL power system and the application of an On-Line Dynamic Security Assessment system using DSATools™. This visit is open to all participants of the user group meeting, subject to security clearance by FPL.

If you wish to share your experience in applying DSATools™ by making a presentation at the user group meeting, please contact us (dsainfo@powertechlabs.com).

When:

- Thursday November 16 and Friday November 17 (morning), 2023 for the user group meeting
- Friday November 17, 2023 (afternoon) for the tour

Where: Miami Airport Marriott, 1201 NW 42nd Avenue Building A, Miami, FL, 33126-2656, USA

Who: Open to everyone including existing DSATools™ users as well as those interested in advanced software for system planning and operation studies

Cost: Free! You will be responsible for your transportation and hotel expenses

Please RSVP to dsainfo@powertechlabs.com by October 30, 2023. Note that the number of people allowed to the FPL control center observation deck is limited, so please RSVP at your earliest convenience if you want to participate in the tour.

For more information – Please check our website at www.dsatools.com (under News | Events) for details of this event, registration, and hotel accommodation information. You can register online at <https://www.dsatools.com/events/> If you have any questions, please email dsainfo@powertechlabs.com.

We look forward to seeing you in Miami, USA!
